- Safety notes addressed by president and safety officer:
  - Members were reminded to fly within the boundaries of the field, and not extend flight over the northern side of the field (over the road).
  - Members were reminded to have a spotter while flying, if possible.
  - All members present were reminded that safety is everyone's concern, and they are the ones that make our field safe.
- The New Sign for UCRCS establishment was approved. This sign will be posted at the entrance to the field (coming off the gravel area, down to the field parking) establishing the current Air and Ground Safety Rules for the flying field. The cost and possible procurement of smaller signs for posting by the fence line to pit entrances during a UCRCS sponsored event are still in cost evaluation stage.
- All members received the final version of UCRCS By-Laws (via email) and on 3-12-2015 member attendees voted on and approved said By-Laws. Sec/Treasurer and Webmaster to post on website and submit new By-Laws to AMA Headquarters.
- Club officers to discuss revision of UCRCS website information before next meeting.
